

# August Newsletter

Wow this summer has really gone by fast we can't believe it is already August.

Thank you to everyone who helped to make our trip to the Vandalia Swimming pool a great trip, we had almost 40 people that went with us including parents and teachers, and everyone looked like they had a great time.

We have a few new students that have started with us and we are excited they are here.

We hired a new teacher and her name is Allison Arens. We are very excited to have her here.

We will be starting our new school year August 21st and we are all really excited to get started. All of the teachers have already been planning for the new school year. The teachers have been doing a lot of rearranging to get ready as well as coming up with many great ideas for this year. The portfolios are all looking great, so if you are interested in seeing them at any time just let your child's teacher know and they will show you.

We have three children that are going to Kindergarten this year and six children that are going to the new Pre-School that started at St. Joseph School they are very excited. We want them to know that we will miss seeing them here but they will do great, and we hope they come back and visit us soon.

Remember we have the auto pay option, this makes payments much easier.

August Birthday's
